

Student Placement Policy

We recognise that the quality and variety of work which goes on in a After School and Holiday Club makes an ideal place for students on placement from school and college childcare courses as well as those on the NVQ in Playwork.

Students are welcomed in Munchkids on the following conditions:

- The needs of the children are paramount, students will not be admitted in numbers which hinder the essential work of the club.
- Any information gained by the students about the children, families or other adults in the pre-school must remain confidential.
- Unless registered as fit persons, students will not have unrestricted access to children.
